7. Special Note on Security of Bids

Security related functionality has been rigorously implemented in ETS in a multi-dimensional manner. Starting with 'Acceptance of Registration by the Service Provider', provision for security has been made at various stages in Electronic Tender's software. Specifically for Bid Submission, some security related aspects are outlined below:

As part of the Electronic Encrypter functionality, the contents of both the „Electronic Forms“ and the „Main-Bid“ are securely encrypted using a Pass-word created by the server itself. The Pass-word is more difficult to break. This method of bid-encryption does not have the security and data-integrity related vulnerabilities which are inherent in e-tendering systems which use Public- Key of the specified officer of a Buyer organization for bid-encryption. Bid-encryption in ETS is such that the Bids cannot be decrypted before the Public Online Tender Opening Event (TOE), even if there is connivance between the concerned tender-opening officers of the Buyer organization and the personnel of e-tendering service provider.

8. Public Online Tender Opening Event (TOE)

ETS offers a unique facility for „Public Online Tender Opening Event (TOE)“. Tender Opening Officers as well as authorized representatives of bidders can attend the Public Online Tender Opening Event (TOE) from the comfort of their offices. For this purpose, representatives of bidders (i.e. Supplier organization) dully authorized are requested to carry a Laptop and Wireless Connectivity to Internet.

Every legal requirement for a transparent and secure „Public Online Tender Opening Event (TOE)“ has been implemented on ETS.

As soon as a Bid is decrypted with the corresponding „Pass-Phrase“ as submitted online by the bidder himself (during the TOE itself), salient points of the Bids are simultaneously made available for downloading by all participating bidders. The tedium of taking notes during a manual „Tender Opening Event“ is therefore replaced with this superior and convenient form of „Public Online Tender Opening Event (TOE)“.

ETS has a unique facility of „Online Comparison Chart“ which is dynamically updated as each online bid is opened. The format of the chart is based on inputs provided by the Buyer for each Tender. The information in the Comparison Chart is based on the data submitted by the Bidders. A detailed Technical and/ or Financial Comparison Chart enhances Transparency. Detailed instructions are given on relevant screens.

ETS has a unique facility of a detailed report titled „Minutes of Online Tender Opening Event (TOE)“ covering all important activities of „Online Tender Opening Event (TOE)“. This is available to all participating bidders for „Viewing/ Downloading“.

There are many more facilities and features on ETS. For a particular tender, the screens viewed by a Supplier will depend upon the options selected by the concerned Buyer.

9. Other Instructions

For further instructions, the vendor should visit the home -page of the portal (<https://www.tendewizard.com/BSNL>).

Important Note: It is strongly recommended that all authorized users of Supplier organizations should thoroughly peruse the information provided under the relevant links, and take appropriate action. This will prevent hiccups, and minimize teething problems during the use of ETS.

The following „**FOUR KEY INSTRUCTIONS for BIDDERS**“ must be assiduously adhered to:

1. Obtain individual Digital Signing Certificate (DSC or DC) well in advance of your first tender submission deadline on ETS
 2. Register your organization on ETS well in advance of your first tender submission deadline on ETS
 3. Get your organization's concerned executives trained on ETS well in advance of your first tender submission deadline on ETS
 4. Submit your bids well in advance of tender submission deadline on ETS
- (There could be last minute problems due to internet timeout, breakdown, et al) While the first three instructions mentioned above are especially relevant to first- time users of ETS, the fourth instruction is relevant at all times.

Minimum Requirements at Bidders end

- Computer System with good configuration (Min P IV, 1 GB RAM, Windows XP)
- Broadband connectivity.
- Microsoft Internet Explorer 6.0 or above
